

# THE STATE COLLEGE COMMUNITY THEATRE

## We're Ready For A Great 2009!

Once again this year you'll have the opportunity to purchase professional quality photographs, on CD, of each of the five summer productions. Each set will include images of the entire show, including backstage photos, publicity photos, head shots of the cast, and much, much more! A licensing agreement is included with each set, allowing you the flexibility of printing the photographs yourself, or commercially, as well as emailing or posting your photos online on personal web pages, and social networking sites.

Sets can be purchased individually for each show, or you can purchase a complete box set of all five productions. As a bonus, part of the proceeds of each set sold will be donated to the SCCT so show your support to our local community theatre, and relive the memories of this season for years to come!
